

## Staco Systems appoints new reseller in Germany, Austria and Switzerland

**Irvine, CA, November 8, 2019** – Staco Systems, a leading provider of mission critical Human-to-Machine Interface (HMI) solutions is pleased to announce Swiftrade GmbH as our new reseller for all Staco product lines in Germany, Austria and Switzerland.

Swiftrade comes with a strong expertise and customer relationship within the commercial and military aviation market in those countries.

*“Staco Systems develops custom solutions for virtually any Human-Machine Interface applications, therefore we needed a partner with a deep market and product knowledge to relay our capabilities to our German speaking customers”* – stated Charles Woodrow, EMEA Business Development Director at Staco Systems.
